

Royalty Trust Tax Information

For your convenience, this section provides links to royalty trust websites. Royalty trusts post tax information booklets to their websites which contain information required by holders to compute and report income, gains, losses, deductions and credits attributable to their units of the trust.

Use the links below to access the tax package via the internet. Once you navigate to a trust's site, follow the directions to its tax information section. Typically, this is where you will find the appropriate booklet, sorted by year.

For trusts that post their tax information on Business Wire®, the tax information reporting booklets can also be accessed from www.businesswire.com by clicking on the "News" tab, followed by "Company News Centers," and then using the browse or search feature to find the page that contains tax information for the trust. The tax information booklets are found on the left side of the page under "Related Links."
